Pune, Maharashtra, India

## PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 2+ years of experience building scalable web and mobile applications using modern JavaScript frameworks. Proven expertise in React.js, React Native, Node.js, and MongoDB with a strong foundation in creating responsive, user-centric solutions. Passionate about writing clean, maintainable code and delivering high-quality software products.

## TECHNICAL SKILLS

**Frontend:** React.js, React Native, Redux, React Query, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design

**Backend:** Node.js, Express.js, REST API, MongoDB, Sequelize ORM

**Tools & Technologies:** Git, GitHub, npm, Webpack, Agile/Scrum, Cursor.ai, Code Review, Performance Optimization

**Core Competencies:** Full Stack Development, Mobile App Development, API Integration, Database Design, UI/UX Implementation

## PROFESSIONAL EXPERIENCE

### Software Developer

*SpidronTech LLP*

November 2023 – December 2025

*Pune, Maharashtra, India*

- Developed and maintained multiple full-stack web applications using React.js, Node.js, and MongoDB
- Built cross-platform mobile applications with React Native, implementing Redux for state management and ensuring consistent UI/UX across iOS and Android platforms
- Designed and implemented RESTful APIs with Node.js and Express.js, optimizing database queries
- Created responsive, mobile-first interfaces using Tailwind CSS and Bootstrap, improving mobile user engagement
- Collaborated with cross-functional teams in Agile environment, participating in code reviews and implementing best practices that reduced bug rates by 25%
- Integrated third-party APIs and services, including payment gateways and authentication systems, socket.io enhancing application functionality
- Optimized application performance through code splitting, lazy loading, and efficient state management, achieving 90+ Lighthouse scores

## KEY PROJECTS

### E-Commerce Platform for Personal Shop

React.js, Node.js, MongoDB, Redux

- Built full-featured e-commerce application with product management, cart functionality, and secure payment integration
- Implemented lazy loading and pagination for product listings to improve initial load time and scrolling performance.
- Implemented lazy loading and pagination for product listings to improve initial load time and scrolling performance.
- Designed RESTful APIs for product catalog, cart, orders, payments, and user management.

### Health Care Management System

React Native, Redux, Sequelize ORM

- Developed a cross-platform Healthcare Management mobile application using React Native for Android and iOS, enabling seamless appointment booking for employees and family members.
- Implemented React Query for efficient server-state management, including API caching, background refetching and retries resulting in improved performance and reduced API load.
- Utilized Sequelize ORM to model and manage complex relational data structures such as Companies, Hospitals, Doctors, Employees, Appointments, and Payments.

## Portfolio Website

*Gaurav Dhamankar Portfolio*

React, Tailwind CSS, Framer Motion

- Built a modern personal portfolio using React (Vite) and Tailwind CSS to showcase projects, skills, and experience with a clean, responsive UI optimized for both desktop and mobile.
- Integrated Web3Forms API for the contact form, enabling reliable form submissions without managing a custom backend, including loading states and user feedback.
- Followed modern front-end best practices (component-based architecture, reusable UI patterns, hooks like useRef/useInView) to keep the codebase scalable and maintainable.

## EDUCATION

---

### Savitribai Phule Pune University

*Bachelor of Engineering*

Pune, Maharashtra, India

2019 – 2023

### Institute of Civil & Rural Engineering

*Diploma*

Kolhapur, Maharashtra, India

2017 – 2020

## ACHIEVEMENTS & CERTIFICATIONS

---

- Successfully delivered 2 projects on time and within budget with high client satisfaction ratings
- Recognized for outstanding code quality and mentoring junior developers in React best practices
